2021:

Project Name: **Proyecto Mirador or "Breath of Fresh Air"**

- Name of Business Entity Selling Offset: **Cool Effect, Inc.**
- Name of Offset Registry: **Gold Standard for Global Goals**
- Amount: **5,000 tonnes**
- Project ID Number: **GS2758**
- Offset Project Type: **Energy Efficiency, Carbon Avoidance**
- Site Location: **Honduras**
- Protocol Used to Estimate Emissions Reductions/Benefits: **Reduced Emissions from cooking and Heating - Technologies and Practices to Displace Decentralized thermal Energy consumption (TPDDTEC)**
  Link
- Is there third-party verification of company data and claims listed? **Yes, Gold Standard requires third party verification for all carbon offset projects. All documentation of verification and validation can be found here: Link**
- Registry Link

2022:

Project Name: **Kariba REDD+ Project**

- Name of Business Entity Selling Offset: **South Pole USA, Inc.**
- Name of Offset Registry: **VERRA**
- Amount: **5,000 tonnes**
- Project ID Number: **902**
- Offset Project Type: **Agriculture Forestry and Other Land Use, Carbon Avoidance**
- Site Location: **Zimbabwe**
- Protocol Used to Estimate Emissions Reductions/Benefits: **VM0009**
- Is there third-party verification of company data and claims listed? **Yes, Verra requires third party verification for all carbon offset projects. This was most recently completed by Aster Global Environmental Solutions, Inc., as noted on the registry.**

- Name of Offset Registry: **Gold Standard for Global Goals**
- Amount: **3,500 tonnes**
- Project ID Number: **GS2758**
- Offset Project Type: **Energy Efficiency, Carbon Avoidance**
- Site Location: **Honduras**
- Protocol Used to Estimate Emissions Reductions/Benefits: **Reduced Emissions from cooking and Heating - Technologies and Practices to Displace Decentralized thermal Energy consumption (TPDDTEC) Link**
- Is there third-party verification of company data and claims listed? **Yes, Gold Standard requires third party verification for all carbon offset projects. All documentation of verification and validation can be found here: Link**
- Registry Link

Project Name: **Ejido La Selva or "Seeing the Forest for the Trees"**

- Name of Business Entity Selling Offset: **Cool Effect, Inc.**
- Name of Offset Registry: **Climate Action Reserve**
- Amount: **18,000 tonnes**
- Project ID Number: **CAR1545**
- Offset Project Type: **Forestry, Carbon Removal**
- Site Location: **Huayacocotla, Veracruz, Mexico**
- Protocol Used to Estimate Emissions Reductions/Benefits: **Mexico Forest Protocol, 2 Link**
- Is there third-party verification of company data and claims listed? **Yes – Climate Action Reserve requires third party verification for all carbon offset projects, as specified in its Verification Program Manual. Verification or documentation for this project can be found here. Link**

2023:

Project Name: **ILTF/NICC & SIG Keweenaw Bay Indian Community Forest Carbon Project**

- Name of Business Entity Selling Offset: **South Pole USA, Inc.**
- Name of Offset Registry: **American Carbon Registry**
- Amount: **3,000**
- Project ID Number: **ACR637**
- Offset Project Type: **Forest Carbon, Carbon Removal**
- Site Location: **Michigan, USA**
